Jeff & I met with Ethan this morning to go over the MOU we drafted. Thank you for your prayers. I feel the meeting went very well. He took a few minutes to read through the document and then proceeded to ask several questions on a few of the items for further clarification. Generally, I feel he received it very well, asked good questions and was very open with his questions.

At this point there doesn't appear to be any specific areas of concern. He said he would like a couple of weeks to think about and pray about with Sara. We agreed that he will get back to us by July 9. He has my contact information for any follow up questions.

Like before, his questions centered around specific expectations related to some of the general bullet points in the MOU. We can discuss those details at our next meeting.

Instead of trying to relate a lot of details in this email we can give more details at our next meeting. We just wanted you to know the meeting went very well and I think he received it very well.

Jeff, please weigh in if there is anything else to add at this point.

Continue praying! Again, thanks Dave for taking the lead on assembling the MOU. It was great.
